

# Announcing...

## **The Findley Track & Field Club (FTFC)**

After 15 years of running, riding, stomping, kicking and playing, it's time to improve the Findley Track & Field area for Findley students!

The FTFC committee has been formed to fundraise specifically for the renovation of the Findley Track & Field. The committee's goal is to increase opportunities for kids to play and families to use the area more often and to give everyone usable surfaces year-round.

Goal #1: Replace Findley's 15-year-old track this summer.

Future Goals: Future goals may include a synthetic top to the track, adding irrigation, drainage and general grass & field improvements for soccer, lacrosse, baseball and softball teams to play on. For future phases & associated costs, please refer to the Findley Track & Field Proposal:

<http://www.findleypto.com/about-us/meeting-minutes/>

Please help support the kickoff event by participating in the

## **FTFC Shoe Drive & Fundraiser May 29th-June 7th**

Objective: \$18K in donations & for each Findley student to bring in 1 pair of used shoes. Shoes will be sorted and donated to Project Sole, a non-profit that uses track shoes to improve our community and make the world a better place. Other gently-used, non-track shoes will be donated to the Beaverton Clothes Closet.

Please consider a donation of at least \$25, along with your used pair of shoes. There will be incentives for those that donate more money (flyer to follow).

**Donation boxes will be placed in the front lobby.**

Meeting our goal will allow us to complete the track phase of our project *this* summer and collect funds for field renovations, which will be completed as money is raised over time.

The FTFC is separate from the PTO's primary fundraiser, the Dragon Dash, which funds the entire PTO program budget for Findley.

More info will be posted about the FTFC activities and progress in the coming weeks. Please contact Catherine Needham at [needham.can@gmail.com](mailto:needham.can@gmail.com) with any questions.
